

Board of Trade Gets Busy

Plans Arranged for Publicity Work

At a meeting of the Board of Trade held Wednesday afternoon many business matters pertaining to the welfare of Wetaskiwin within the board's scope was discussed and much routine business finished. There was a good attendance and the meeting was most enthusiastic as to the future of this city, all from the number of letters in the secretary's hands inquiring and asking for descriptive literature from people all over Canada and the United States it looks as though Wetaskiwin will get more than her share of settlers this year.

The most important item on the lengthy programme was the resolution passed authorizing the calling for tenders for the erection of a publicity pagoda to be built at once. This when completed will be a great advertisement for the city, as the people passing to and fro on the trains will be able to get a feeling glimpse at least of the possibilities of this city and district from the advertisements which will be placed on the building describing the advantages of the city and district. Tenders are being called for and it is the intention to have this building completed as soon as possible.

The building will be an octagon in shape with a flat roof and a hand stand will be built on top of it. This will serve a double purpose. Delegates were also appointed to represent the board at the Made-in-Canada which will be held June 18th. As this is one of the most important events that will take place in Wetaskiwin this year no doubt a record crowd of citizens will attend. It was also decided to send delegates to the big Western Canada-Panama Canal convention to be held in Calgary June 28 and 29, where this important subject will be fully discussed. This is another very important event as not only will there be a large number of eminent speakers from Canada and the United States but there will be a party of British manufacturers present who are at present touring Canada. It was felt by the board that this was a big opportunity that could not afford to be missed. A cordial invitation for this event to the Wetaskiwin Board of Trade was sent by the Calgary Board.

After other routine business was finished the meeting adjourned.

No Holiday

Although June 3rd is the anniversary of the birthday of King George V, the day will not be generally observed as a holiday in this city.

Will C. P. R. and G. T. P. Enter Wetaskiwin

There is a persistent rumor in business circles here that the Canadian Northern railway will enter this city in the near future. This rumor was given strength by the fact that last Wednesday, Superintendent W. A. Brown, of the C.N.R., was in the city all day looking over the place in a very thorough manner.

A large party of surveyors were also in the city last week and upon investigation it was found that they were working within a few miles of the city and headed this way. Nothing could be learned from them, however, but it is expected that some time this week, reliable information will be given.

It is understood that the Great Northern railway would like to project a line to Wetaskiwin, they claiming that this city is the logical center for railway distribution of this northern country, and it is rumored that they will make application to enter this city some time this summer.

Sifton Wins All Elections

Liberals Wins Bye Elections and All Cabinet Appointments Ratified

In Edmonton C. W. Cross has a majority of well over 500, the probable figure being 522. The exact majority will not be known however, until after the final count of the returning officer.

Joe Knight, Socialist candidate in Edmonton, who entered the field solely for the purpose of keeping the Socialist propaganda before the people will lose his deposit.

Sturgeon, which looked so favorable to A. Williamson Taylor during the campaign, was apparently stampeded last few days, and in almost every poll John R. Boyle got a majority. Boyle has a probable total majority of 300.

Complete returns in Claresholm give Mackenzie, the only Liberal in doubt, a majority of 21 over Dr. McMillan. Official returns from Cardston will not be known before Wednesday afternoon but there seems no doubt that Woolf will have a majority of 76 over John Parrish. There are still twelve polls to hear from.

W. A. Blair, who opposed Hon. Mr. Stewart in Sedgewick is defeated by a large majority. In Sedgewick out of 119 polls 40 heard from Stewart. Stewart received 114 votes, Blair 71. In Killam Stewart received 69 and Blair 31.

GIRL WANTED—GOOD GENERAL

servant, must be competent, small family, highest wages. Apply at The Times Office, Wetaskiwin. 10-10

MADE STRAY—STRAYED FROM 16 miles west of Wetaskiwin, on May 24th one black mare three years old, no brands, weight about 1200, small star in forehead. \$5.00 reward her to J. D. Cowan's barn, Wetaskiwin. 10-10

I. O. LARSON, Owner.
Geo. L. OWEN, Auctioneer.

Another Old-Timer Gone

One by one the old-timers of the Wetaskiwin district are being called to their long home. The many friends of Mr. Frank Lambert were greatly surprised on Sunday last to learn that he had passed peacefully away that day. Although he had been failing gradually for some time, nobody expected the end to come so quickly. He was in his ninetieth year, but few would think he had reached that ripe old age, as he was quite active until last winter. Deceased was born in the Province of Quebec, but spent a major portion of his life in Minnesota. Nineteen years ago he came to this country and took up a homestead near Crooked Lake, where he remained for seven years, moving to Wetaskiwin twelve years ago and taking up his residence on McDonald St. Deceased was of a very quiet and unassuming disposition, which won him a host of friends. He leaves to mourn his loss, a widow and three sons and one daughter, namely: Joseph, of Oshawa; Mathias, of Durnsey; Franz of Minnesota and Mrs. Granger, also residing in Minnesota. The funeral took place on Tuesday morning, a very large crowd of friends and acquaintances being in attendance to pay their last tribute of respect to the departed. Service was conducted in the Roman Catholic church by Rev. Father Walravens, and the mortal remains were laid to rest in the B. O. cemetery just west of the city. The following old-time friends "sawed" as well as bearers: Messrs. Joe Cowan, A. Gray, A. Rehman, N. Beguin, J. U. Thibault and D. T. Lenoir. The sympathy of the community is extended to the bereaved relatives.

Town Topics

Mrs. Chas. Thomas and family left on Monday last on an extended visit to her old home in Salt Lake City.

The regular meeting of the Scandinavian Hospital Aid will be held at the home of Mrs. Tom. Turso, next Tuesday afternoon, June 4th, all are cordially invited to attend.

Town Topics

As will be seen by adv. elsewhere, The Thibault Trading Co. has decided to go out of business here, as Mr. Thibault has accepted a remunerative position as manager of a large company which will go into departmental store business at St. Paul de Mevis.

Farmers of the district are already insuring against hail this summer. They are making sure that their labors will not be in vain, and will certainly not spend the anxious days they did last year through fear of hail.

Another interesting feature is added to the Times this week, in "The Note Book" column, edited by "G. V." This should prove a popular department as the weeks go by.

Rev. A. R. Aldridge, B. A., went to Edmonton on Monday to attend the meetings of the stationing committee in connection with the Methodist conference.

As will be seen by adv. elsewhere, The Thibault Trading Co. has decided to go out of business here, as Mr. Thibault has accepted a remunerative position as manager of a large company which will go into departmental store business at St. Paul de Mevis.

The ingredients of Magic Baking Powder are plainly printed on each package. The makers of the famous alum baking powders never do this, but they have been known to print the words "No Alum" on their labels. This is no guarantee—it is fraud. See that all ingredients are stated.

Through the generosity of H. S. Craig, manager of the Merchants Bank, two large rooms in the Merchants Bank Block are gratuitously given to the Board of Trade to be occupied by the publicity commissioner until such time as the publicity office can be built. Would that all Wetaskiwin's business men had the same public spirit!

Wm. Bolt, of Ontario, was in the city last week, attending the funeral of his daughter, Pearl, who passed away at Edmonton on the 16th inst. The sympathy of the friends is extended to the bereaved family, especially to Miss Petra, who was unable to attend the funeral.

An unfortunate accident happened in Edmonton on Friday last in which the names of P. A. Miquelon, of the 23rd city came into prominence. As he was driving his auto down the street, a man stopped off a bicycle just in front of the car. He was knocked down and slightly injured. Quite a commotion was caused at the time but Mr. Miquelon was in no way to blame for the unfortunate occurrence.

Among those who attended the Masonic Grand Lodge, held at Edmonton this week are Messrs. Geo. D. Wallace and E. D. Williams, W. M. and Secretary, respectively, of Wetaskiwin Lodge No. 15, A.F. & A.M.

The Boys' Outlets in connection with the public schools in the city went into annual camp at the Pipestone, on Thursday evening last, returning home on Monday morning. The boys had a most enjoyable outing, as they engaged in all manner of sport. At the rifle practice good scores were made, and these will be submitted to the inspector, upon his visit here in the near future. The officers of the Corps are Harry James, captain, and Hendon Sanden and Freeman Kelley lieutenants.

Mr. Geo. Crocker and son, of Everett, Washington, arrived on Thursday morning's train, to visit his sister, Mrs. J. F. Richards, for a couple of months.

WELSTRA—TUSTY—At the Methodist parlance, by Rev. A. R. Aldridge, B. A., on Tuesday, May 28th, 1912, Peter Simon Welstra, to Miss Petra Tusty, all of Wetaskiwin, Alta.

Mrs. Malcolm M. Gillis, wife of Wetaskiwin's bustling publicity commissioner, spent the week-end in the city with her husband. She returned to Calgary on Monday, but will remove to the city as soon as a suitable house can be secured.

LAMBERT—In Wetaskiwin, on the 26th inst., Frank Lambert, aged 89 years and 5 months.

ISKINEYANIK—At the hospital in Wetaskiwin on the 23rd inst., Mar Iskineyank, aged 10 years. Interment at Hobbema.

"If your eyes trouble you consult M. Mecklenberg, A. M., a university graduate eye specialist who devotes his whole time, energy and skill to the eye ill, at the Driard Hotel, room 12, till June 15th; Edmonton office 313 Jasper St.; phone 5225.

Victoria Day was quietly observed in the city, many of the citizens spending the day at the Capital, and other parts of the province. The city was appropriately decorated for the occasion, by the floating of flags from nearly every business place and residence in the city.

F. G. Hassard, western manager of the Financial Post of Canada, one of the most powerful financial papers in the Dominion was in the city yesterday a guest of M. M. Gillis, Publicity Commissioner. Mr. Hassard is of the opinion that Wetaskiwin will be one of the big cities of the Dominion in the not far distant future.

Hugh McGrandle, D.L.S., left last week for Edmonton to make preparations for his summer's work, which will be in the vicinity of Jasper Park. Mr. McGrandle spent last summer, in the same district and reported some excellent land there, although the country was quite rough, and apparently underlaid with coal and mineral.

"R. T. Williamson is offering some very handsome prizes to be given at the close of each day, to the person who draws the lucky ticket.

Two of Wetaskiwin's popular young people sprung a surprise on their friends last week by going to Edmonton, where the nuptial knot was tied. We refer to Mr. W. J. Morris and Miss Margaret Harris, who were quietly married. After spending a couple of days in the Capital city, they returned home on Sunday evening. They are taking up housekeeping on Lansdowne street west. We join their active friends in extending the heartiest congratulations.

COYBOY PLAY COMING

A Texas Ranger described, as the greatest story of the plains will be the attraction on at the Angus Theatre, on Tuesday, June 4th, and should be a great treat for the lovers of the best in melodrama. "A Texas Ranger" is dramatized from one of Bret Hart's most popular stories and pictures of the west exactly as it was in the pioneer days, and while it is essentially a melodrama its naturalness and realistic scenes are its chief features. The play abounds with cowboys and frontiersmen who have ever been true in pushing on into the wilderness and who have transformed the prairies and made the west what it is today. The company producing "A Texas Ranger" is composed of metropolitan artists and carrying almost a special carload of startling scenic effects. The Liberals, according to latest advices have won all the five contests in the province.

THE MADE-IN-CANADA TRAIN

Reporting the announcement of the Canadian Home Market Association to run a Made-in-Canada Special Exhibition train through western Canada, starting from Toronto in May, the Toronto Daily Star says: Industrial enterprise in Canada will enter upon a new era in its history on May 15th, the first "Made-in-Canada" exhibition train will leave Toronto on a tour from the Atlantic to the Pacific Ocean. Mr. N. P. Lambert, who has charge of the publicity work of the exhibition, will leave for the West next week to prepare for the tour. Mr. H. D. Scully, secretary of the Canadian Home Market Association who is in charge of the train, will accompany it as manager.

A Moving Object Lesson

This moving object lesson will show the people of the West in a graphic manner what the development of manufacturing in the West will mean to them. It will also serve to demonstrate the fact that the quality of Canadian-made goods is equal to any thing that can be imported, valuable for value. The train will consist of a number of standard passenger cars, the interior of which will be arranged so as to permit the display of the products as attractively and compactly as possible. Firms making exhibits will have their own space to display posters of their work posters or other advertising hangers. The train will be electric lighted throughout.

Decided Last Night

At a meeting held in Hamilton, the committee of the Canadian Home Market Association decided upon the itinerary. As a result of a circular letter sent out to the manufacturers of Canada signed by Mr. T. A. Russell, chairman, George E. Drummond, of Montreal, vice-chairman, and H. D. Scully, secretary of the Canadian Home Market Association over eight cars have been taken up by exhibitors. The train will include in all twelve cars, ten being occupied by the exhibits of the different Canadian factories, and the remaining two by the staff accompanying the train.

Visit a Hundred Cities

They will then proceed to Montreal and Ottawa, and thence to Port Arthur and Port William, where they will reach on May 21. After that the itinerary will cover some 100 towns in Manitoba, Saskatchewan, and Alberta, following the lines of the Canadian Pacific Railway. It is the purpose of the association to run over the other lines in ensuing years.

"One particular feature of the scheme lies in special features are being given to 'spiral' Winnipeg and have been arranged for but so many applications have been made for space that they are now asking for a second car to accommodate the overflow of exhibitors. Western zeal as a strong indication of the progress of manufacturing in the Middle West, and in some cases the enthusiasm of the Westerners has put to shame the more tardy attitude of the established Eastern houses.

What The Train Will Show

The exhibition train will include a representative showing of such made-in-Canada goods as all classes of tiles, stoves, pianos, automobiles, beds, springs, mattresses, engines, packing houses products, confectionery, rubber goods, salt, sodas, farm implements, paints and oils, drugs, cement, furniture, jewelry, and watches, silver plate, and all kinds of sheet metal products.

The arrangement of the car will be as follows: A modern house car, fully furnished and showing the products of numerous Canadian factories.

Composite exhibits, showing the progress of manufacture of raw steel into its many finer forms.

In addition to the actual exhibits lectures will be given on board by Mr. F. H. Rice, of Montreal, Ont., who has been Canada's representative at the World's Fairs held in Australia, New Zealand, Britain, and Belgium. He will give, as it were, word pictures of industrial and agricultural life the world over.

CAMROSE

F. P. Layton reports the sale of section one, adjoining Camrose on the east, to a Liverpool development company. The firm will induce manufacturers to locate on this property and makes use of the distributing facilities Camrose has to offer. Several Calgary firms were interested in the deal.

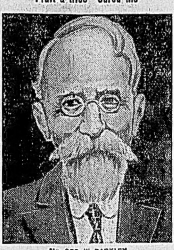

The beginning was made this week on the completion of water works and sewage systems. In six weeks time the installation will be completed and the system will be in full working. Besides the convenience, it will improve the sanitary conditions and give better fire protection.

Norwegians of Camrose are preparing for a big day on June 7 to celebrate Norway's Independence Day. A day of sports will be held, a grand concert and display of fireworks.

A daily service on the Grand Trunk Pacific from Edmonton to Mirror goes into effect Monday. It was the intention to have the service run twice weekly on both C. N. R. and G. T. P. lines through Camrose, but orders are not all accepted on the C. N. R. and temporary service will be given from G. T. P. towns. This is a great boon to people in all towns south of Camrose.

DOCTORS COULD NOT HELP MY KIDNEYS

"Fruit-a-lives" Cured Me

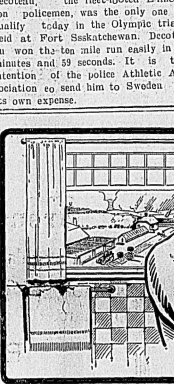

Mr. GEO. W. BARKLEY

CHRISTYVILLE, ONT., JAN. 25th, 1911

"For over twenty years, I have been troubled with Kidney Disease and the doctors told me they could do me no good. They said my case was incurable and I would suffer all my life. I doctored with different medical men and tried many advertised remedies, but there was none that suited my case. Nearly a year ago, I tried 'Fruit-a-lives'. I have been using them nearly all the time since, and am glad to say that I am cured. I have no trouble now with my kidneys and I give 'Fruit-a-lives' the credit of doing what the doctors said was impossible. I am seventy-six years old and am in first class health."

50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

Edmonton, Alta., May 25.—Alex. Decotau, the fleet-footed Edmonton policeman, was the only one to qualify today in the Olympic trials held at Port Suskatchewan. Decotau won the ten mile run easily in 53 minutes and 59 seconds. It is the intention of the police Athletic Association to send him to Sweden at his own expense.

"Those who inherit Empires have others shave them—
Those who create Empires shave themselves"

It's over a century since Napoleon Bonaparte evolved this bit of philosophy. While the first part no longer holds (Kings and Emperors now use the Gillette) the second part is truer than ever since the coming of the

GILLETTE Safety Razor

The busy men who are doing the world's big work to-day—who are creating Empires of commerce and finance—have little time to waste with the barber. They shave themselves with the GILLETTE, not because it saves them money, but because it saves them time and trouble.

Besides, there's a keen satisfaction, to the self-reliant man, in giving himself a clean, cool, comfortable GILLETTE shave in three minutes. Try it yourself.

Your Hardware Dealer, Druggist or Jeweler can show you a Gillette Set to suit your needs and fancy. Standard Sets \$5.00—Pocket Editions \$5.00 to \$6.00—Combination Sets \$6.50 up.

LARGER THAN TITANIC

Hamburg, May 23.—The world's largest ship, the Hamburg-American liner Imperator, ten and-one-half feet longer than the ill-fated Titanic, was today launched here by Emperor William in the presence of high officials of the German government, and a vast throng.

The recent loss of the White Star liner, and 1,000 of her passengers, gave rather a sombre tone to today's ceremony. It is claimed that the Imperator is now the last word in safety as well as size.

A conference of German Maritime authorities was held in Berlin a month ago when it was decided that builders of liners must sacrifice speed and luxury to safety. They readily agreed.

The Titanic was 852 feet, six inches long, while the Imperator is 893 feet long, 95 feet wide and 103 feet high from the captain's bridge to the water line the distance is 831 feet. The topmost of her eleven decks is as high as a five-story house. She will have a tonnage of 50,000 and will accommodate 5,000 passengers. There will be lifeboats and life-saving apparatus for every person on board.

The Imperator is under subsidy of the German navy and in time of war can be used as a transport at once. When the Titanic, Lusitania and the Mauretania were built it was rumored in diplomatic circles that England boasted she could transport an entire army to German territory overnight. Immediately it was announced Germany would build the biggest ship.

THE FIRST TIME OFFERED FOR SALE IN THIS COUNTRY

The Churches

METHODIST
Next Sunday, Rev. A. C. Crews, D. D., of Toronto, editor of Sunday school papers will preach. It is expected that Dr. Crews will speak specially to the young folk at the morning service. In the evening Mr. Crews will occupy the pulpit. Special music will be given at the evening service. Everybody is welcome.
Rev. A. R. Aldridge is away this week attending the sessions of conference at Edmonton.

BAPTIST
Services will be held as usual at 11 a. m. and 7.30 p. m. on Sunday. Sunday school and bible class at 2.30 p. m. You are cordially invited to come.

Prayer meeting on Wednesday evening at 8 p. m., where we have started a study of the 'Teachings of Jesus and His Disciples' as arranged by Dean Bosworth, of Oberlin University. All are heartily welcomed. Come and form your own theology.

The children's meeting on Monday evening from 7 to 8 is worth every child's attention. Don't miss it.

PRESBYTERIAN
Preparatory service will be held in the church on Friday evening at 8 o'clock. Communion service next Sabbath morning at 11 o'clock and the regular evening service at 7.30. The Sabbath school meets in the afternoon at 2.30.

The Rev. N. D. Keith, M.A.B.D., principal of the ladies' college at Red Deer, will assist at the morning service and preach in the evening. Strangers in the city are always welcome.

THE SALVATION ARMY
The Salvation Army celebrated last Friday, May 24th, by going to Lucas' grove for a picnic.

It was a happy crowd of people who assembled at the hall at 10 a. m., when a photo of the corps and officers was taken by Mr. Talbot. The ten landed rigs arrived at the grove about noon.

Preparations for dinner began and soon about 100 were seated to a sumptuous repast. An interesting program had been arranged by the officers, Capt. Newell and Lieutenant Marshall and old and young took part in games and races of different kinds, being favored at intervals with music from the band.

Ice cream, lemonade and fruit were also on hand and the children particularly enjoyed the scramble for nuts and candies which were liberally supplied by the Capt. After supper a splendid open air meeting was enjoyed by one and all, after which a drive home closed a very happy and well spent day.

We regret to announce that the officers, Capt. Newell and Lieut. Marshall, who for the last seven months have been in charge of the Army work in this city, will conduct their farewell services on Sunday next, June 2nd. A noble and grand work has been accomplished through their devotion and earnest efforts, and they have been rewarded by seeing many converted to God and added to their ranks. The band has also improved much and rendered good service under the leadership of Lieut. Marshall. The officers' faithfulties has won for them great respect and we feel sure that one and all will join in wishing them God speed in their new field of labor.

*E. T. Williamson is offering at greatly reduced prices his entire stock Sale starts June 1st.

HEADACH

Seems To Be Habitual With Many People.

Some are seldom, if ever, free from it suffering continually and wondering why they can get no relief.

Headaches are generally caused by some derangement of the stomach or bowels, or both.

Durduck Blood Bitters removes acidity of the stomach, improves digestion, regulates the constipated bowels, and promotes a perfect circulation of pure blood to all portions of the body, thereby curing the headaches by removing the cause.

Mrs. L. Maguire, Kilmont, Ont. writes:—I am writing you a few lines to tell you what your Durduck Blood Bitters has done for me. I used to be greatly troubled with headaches, but after using two bottles of Durduck Blood Bitters I was completely cured. This was two years ago and I have had no return of headache since.

Durduck Blood Bitters is manufactured only by The T. M. B. Co., Limited, Toronto, Ont.

**HAD WEAK AND DIZZY SPELLS
COULD NOT SLEEP AT NIGHT.**

People all over this land toss night
after night on a sleepless pillow, and do
not close their eyes in the refreshing
slumber that comes to those whose heart
and nerves are right.
The sleeplessness comes entirely from
a derangement of either the heart or
nerves, or both, but whatever the cause
Milligan's Heart and Nerve Pills offer
the blessing of sound refreshing slumber.
They do this by their invigorating effect
on the heart and nerves, and will tone
up the whole system to a perfect con-
dition.
Mrs. A. R. Martell, Rockdale, N.S.,
writes: "I was troubled for a long time
with my heart, had weak and dizzy
spells, could not sleep, and would have
to sit up the greater part of the night
and it was impossible for me to lie on my
left side. At last I got a box of Milligan's
Heart and Nerve Pills, and they did me
so much good that I could sleep, and after
sleep as well as before I was taken sick,
they are the best medicine I ever heard
of for heart or nerve trouble."
Price 10 cents per box, or 3 boxes for
\$1.25, at all dealers or mailed direct on
receipt of price by The T. Milligan Co.,
Limited, Toronto, Ont.

Sunday School Lesson
By EVANGELINE

RELIGIOUS ACTORS
June 2nd. Matt. 6:1-18.

The key to the lesson is given by
Bishop Wordsworth as follows:
"Be seen to do good but do not do
good to be seen."
In a previous lesson our Lord said,
"Except your righteousness exceed the
righteousness of the Scribes and
Pharisees, ye shall in no wise enter
into the kingdom of heaven."
In our lesson today He reveals the
difference between the righteousness
of the Scribes and Pharisees and that
which He demanded—their inspira-
tion being a desire for the approval
of men, while the inspiration of "the
righteousness which exceeds" is a
desire for the approval of God.
The tendency has ever been to make
religion Pharisaical, to disregard the
reality for the ceremony—the substance
for the form.
Against this tendency in giving, in
the most emphatically and earnestly in
the words of the lesson.

"Have need that ye do not your
righteousness before men to be seen
of them, else ye have no reward of
your Father which is in heaven."
When therefore thou doest a good deed
not a trumpet before thee as the
hypocrites do in the synagogues and
in the streets that they may have
glory of men.

Verily I say unto you they have
their reward. But when thou doest
alms let not thy left hand know what
thy right hand doeth; that thine alms
may be in secret and thy Father which
is in heaven shall recompense thee.

That liberality is popularity is evi-
dent from the fact that over
ONE HUNDRED MILLION

DOLLARS WAS GIVEN
last year on this continent to edu-
cation and general philanthropy over
twenty-five million was given to
religious missions and an equal sum to
home missions. Could we trace these
streams of beneficence back to each
individual donor we would probab-
ly find their motives under one of
the other of the two classifications
mentioned—desire for the approval of
men—desire for the approval of God.
What Christ condemneth is

THE SPIRIT OF THE
CAKCLING HEN
who has no sooner laid her egg than
she proclaims the fact to the whole
community—or of the rooster whose
cock sample of early rising is made
extremely unpopular by continually
crowing about it.

The publicity gained by the first
century Pharisee is small compared
with that gained by the twentieth
century Pharisee. He permits his
benefactions to be heralded abroad
through the press.
"Verily they have their reward,"
their receipt in full. They have the
empty applause which comes from
having played their part well.

There can be no truer test of a man's
interest in anything than his will-
ingness to invest his money or in-
volve his estate in it. And there can
be no higher evidence of his love for
God than that which shows itself in
the willing consecration of his means.
Giving to Him has been a principle
of true religion in all ages.

In the dark days when the captives
were slowly struggling to rebuild
Jerusalem a few friends came from
Babylon, bringing costly treasures
of gold to aid in the erection of the
temple. The gifts were received and
a beautiful memorial prepared. The
gold was moulded into crowns bear-
ing the names of the givers and laid
placed on the head of the high pri-
est and then hung up in the temple
as a remembrance of their sacrifice
of love.
The offerings laid at his feet in
swag,

COME IN AND SEE US
Henderson Electric Co.
JAS. E. HENDERSON, Manager

And earth shall glitter in the ray
That cometh from above;
But come too fast
Or come too slow,
"Twill come at last
I surely know.
And heaven and earth shall feel the
slow
And men shall call it love."
"Give us this day our daily bread—"
"Though all the flocks and herds were
dead."
My soul a famine need not dread,
For Thou, Lord, art my living bread,
I know not what may soon betide,
Nor how my wants shall be supplied,
But thou dost know and will pro-
vide."

"And forgive us our debts as we
forgive our debtors"—fully-uncondi-
tionally without a residuum of a grudge
or of coolness, of a resolve never to
provide."
"And bring us not into tempta-
tion, but deliver us from evil one"
—for the human is not match of too
superbman, and Thou alone canst
with every temptation make a way
of escape."
"For Thine is the kingdom, the power
and the glory. Amen."
What a model of simplicity, brevity,
and comprehensiveness!
Then again our Lord denounces un-
reality in fasting.

"Moreover when ye fast be not as
the hypocrites of a sad countenance,
for they disfigure their faces that
they may be seen of men to fast.
Verily I say unto you, they have re-
ceived their reward."

Would that protestant (?) England
could enforce such a prohibitory law,
coming as it does, from the King of
Kings. Any one visiting St. Michael's
High Church of England, London,
during the recent Lenten season,
would have seen a sample of fasting,
which was becoming too common
in that church which has left her first-
love—having been captured by the
sacred women, viz., the ceremony of
"The Imposition of Ashes" or "Bla-
cking of Faces Service," when the
"holy father," attended by a curate
who kneel at his feet holding a large
silver bowl filled with charcoal, "dis-
figure the faces" one by one of all
who kneel at the common rail in
order that they may be seen of men
to fast. "Verily they shall have their
reward," and the religious actors
whoplay the game shall have theirs.

TIME PRAYING?
many of our prayers must seem as
absurd to Him as that of the can-
nibal chief whom Jas. Chalmers de-
scribes who prayed—"We want much
tobacco—much plenty tomahawks and
knives." If infinite wisdom knows
what things we have need of why pray
because our Father wants His chil-
dren to turn to Him with their long-
ings—fleshly though they be, for in
coming often to Him they will have
better what to ask.
After all prayer is not so much the
mere asking for things as it is the
approach of happy children who de-
light to be near their Father, to hear
His voice, to know His plans, to share
His love.

Prayers repeated over and over
again in meaningless superstitious
routine, like the intoned cathedral
services, the Ave marias of the Ro-
mary, or the whirling of the Buddhist
prayer wheels, such revolution of
which counts for the utterance of
the prayers printed within the wheel
do not come under the denunciation of
our Lord more truly than that that
"most eloquent prayer ever offered

TO A BOSTON AUDIENCE
from an evangelical pulpit.
Jesus had a passion for reality.
A distant though He was with im-
perfect vision, He was most intolerant
of unreality.

Phillips Brooks says "He could wait
for a publican while he unseated him-
self out of the meanest of his de-
votion, but He cut with a word like
a sword through the solemn trifling
of the Pharisees."
In the words commonly known as
The Lord's Prayer, He gave an illus-
tration of the manner in which we
should pray. As different words are
used by the different evangelists it
would seem as though He did not in-
tend upon the use of the literal words,
to do so, as most points out, "it
would be to fall into the very error
which Christ here condemns."

The prayer which contains seven
petitions, the first three referring
to God and His interests, the last
four to our needs, was intended
not for a godless world but for
"His disciples."
"Our Father" That who art the
giver and sustainer of life, Thou who
hast made us "Sons of God," by "a
new creation" and by adoption.
Thou who "art in heaven" receiving
the homage of angels and archangels
—Thou who art the object of wor-
ship and adoration of countless mil-
lions—"hallowed be Thy Name."
All Thy words shall praise Thy
name.
In earth and sky and sea!
Holy, holy, holy, merciful and mi-
ghty—Thou who art in heaven—
God in Three Persons—Blessed Trinity."

Thy Kingdom come—Thy will be
done on earth as it is done in heaven."
"I may not stay
To see the day
when Thou—great Saviour—shalt bear
us away."

GUARD YOUR PRAIRIE FIRES

The Department of Agriculture of Alberta has just issued a series of warnings in the shape of posters which are being widely distributed over the province. The general provisions of the prairie fire ordinance follow:

1. Kindles a fire and lets it run at large on any land not his own property, or
2. Permits any fire to pass from his own land, or
3. Allows any fire under his charge custody or control or under the charge, custody or control of his servant, employee, or agent to run at large is liable to a penalty of \$200 in addition to any damages awarded in civil action.

If a fire should be caused by the escape of sparks or any other matter from an engine or other thing it shall be deemed to have been kindled by the person in charge of such engine or thing but such persons or his employee shall not be liable to the penalties imposed by this section if the precautions prescribed in the Ordinance have been complied with. 'Camp or branding' fires—Any person who kindles or is a party to kindling a fire for camping or branding purposes and leaves it unextinguished is liable to a penalty of \$100. Clearing land and fire guard—Any person kindling a fire on any land for the purpose of guarding property, burning stubble or brush for clearing land is liable to a penalty of \$100 unless the land on which the fire is started is completely surrounded by fire guard not less than 20 feet in width, consisting of land covered with snow or water or so worn, graded, ploughed or burned over as to be free of inflammable matter and unless the fire is watched during the whole period of its continuing by three or four persons provided with proper appliances for extinguishing prairie fire.

Fire Set Out by Railway Employees—Nothing in the Ordinance prevents any railway company from burning over the land held by it under its right of way and the land adjoining it to an extent not exceeding 300 feet on each side of the centre of the track; but every person causing commencing or in charge of any such burning shall cause it to be watched and guarded during the whole period of its continuance by at least four men provided with suitable appliances for putting out prairie fire under a penalty of \$100. Any railway company is authorized to plough and burn its lands on uncultivated or occupied lands.

Spring Burning—Nothing in the Ordinance prevents any person from kindling a fire before the seventh of May in any year for the purpose of clearing any area of land less than 320 acres in extent if such area is \$1,000 bushel price, wheat at care surrounded by a proper fire guard of 10 feet in width and is constantly watched by three adult persons provided with proper fire fighting appliances for putting out prairie fire, but should any such fire escape or be left unguarded the person kindling is liable to a penalty of \$100.

Fire Guardians—In addition to such persons as may be specially appointed, all members of the North-West Mounted Police Force, Constables of Local Improvement Districts and Justices of the Peace are ex-officio Fire Guardians, with power of Constables. Persons Who May Be Required to Fight Fire—All grown up male persons under sixty years of age other than postmasters, members of medical profession, railway trainmen and station agents residing within 10 miles of a prairie, or 15 miles of a forest fire, may be called upon to assist in extinguishing any such fire under a penalty of five dollars for refusal. Threshing Engines—The following provisions shall be observed in and about the management and operation of engines used for threshing: (1) No engine shall be placed within 30 feet of any building or stack; (2) A metal pan of adequate size, filled with water shall be placed under the engine as a receptacle for cinders and ashes; (3) And during the time the engine is in operation the reservoir in the smoke stack shall be filled with water; (4) All cinders and ashes shall be thoroughly extinguished before the engine is removed from any place where it has been in operation; (5) A barrel of water and two buckets shall be placed conveniently to any stack of combustible material near the engine; (6) A spark arrester in good repair shall be used and shall not be opened while the engine is in operation. Any person failing to comply with any of these provisions is liable to a penalty of \$500.

A SIMPLE TREATMENT THAT WILL MAKE HAIR GROW NOW SOLD IN CANADA

Every up-to-date woman should have radiant hair. There are thousands of women with harsh, faded, characterless hair who do not try to improve it. In England and Paris women take pride in having beautiful hair. Every Canadian woman can have lustrous and luxuriant hair by using Salvia the Great American Sage Hair Tonic.

Every reader of The Times can have an attractive head of hair in a few weeks by using Salvia. Walker's Pharmacy sells a large bottle for 50 cents, and guarantees it to banish dandruff, stop falling hair and itching scalp in ten days or money back. Salvia is a beautiful, pleasant, non-sticky Hair Tonic.

HAD WEAK and DIZZY SPELLS COULD NOT SLEEP AT NIGHT.

People all over this land toss night
after night on a sleepless pillow, and do
not close their eyes in the refreshing
slumber that comes to those whose heart
and nerves are right.
The sleeplessness comes entirely from
a derangement of either the heart or
nerves, or both, but whatever the cause
Millburn's Heart and Nerve Pills offer
the blessing of sound refreshing slumber.
They do this by their invigorating effect
on the heart and nerves, and will tone
up the whole system to a perfect con-
dition.
Mrs. A. E. Martell, Rockdale, N.S.,
writes: "I was troubled for a long time
with my heart, had weak and dizzy
spells, could not sleep, and would have
to sit up the greater part of the night,
and it was impossible for me to lie on my
left side. At last I got a box of Millburn's
Heart and Nerve Pills, and they did me
so much good I got another, and after
taking it I could lie on my left side, and
sleep as well as before I was taken sick.
They are the best medicine I ever heard
of for heart or nerve trouble."

Price 50 cents per box, 6 boxes for
\$1.25, at all dealers or mailed direct on

LOU HANNA

Sunday School Lesson

By EVANGELINE

RELIGIOUS ACTORS

June 2nd. Matt. 6:1-13.

The key to the lesson is given by
Bishop Wordsworth as follows:
"Be seen to do good but do not do
good to be seen."
In a previous lesson our Lord said,
"Except your righteousness exceed
the righteousness of the Scribes and
Pharisees, ye shall in no wise enter
into the kingdom of heaven."
In our lesson today He reveals the
difference between the righteousness
of the Scribes and Pharisees and that
which He demanded—their inspira-
tion being a desire for the approval
of men, while the inspiration of "the
righteousness which exceeds" is a
desire for the approval of God.
The tendency has even been to make
religion Pharisaical, to disregard the
reality for the ceremony—the substance
for the form.

Against this tendency in giving, in
most emphatically and earnestly in
the words of the lesson.

"Take heed that ye do not your
righteousness before men to be seen
of them, else ye have no reward of
your Father which is in heaven."
When therefore thou doest a good
thing, let it be done in secret, and
thy Father which seeth in secret shall
reward thee. Verily I say unto you,
they have their reward. But when thou
prayer, and having shut thy door,
pray to the Father which is in secret
shall recompense thee. And in
prayer use not vain repetitions as
the Gentiles do for they think that
they shall be heard for their much
speaking. Be not therefore like unto
them for your Father knoweth what
things ye have need of before ye ask."

**THEN WHY WASTE
TIME PRAYING?**

secret grow into crowns in the heav-
enly temple which Jesus is not as-
hamed to wear.
Then again our Lord denounced un-
really in praying.
"And when ye pray ye shall not be
as the hypocrites, for they love to
stand and pray in the synagogues
and in the corners of the streets that
they may be seen of men. Verily
I say unto you, They have received
their reward. But thou, when thou
prayer, and having shut thy door,
pray to the Father which is in secret
shall recompense thee. And in
prayer use not vain repetitions as
the Gentiles do for they think that
they shall be heard for their much
speaking. Be not therefore like unto
them for your Father knoweth what
things ye have need of before ye ask."

ONE HUNDRED MILLION

DOLLARS WAS GIVEN
last year on this continent to edu-
cation and general philanthropy over
twenty-five million was given to
religious missions and an equal sum to
home missions. Could we trace these
streams of beneficence back to some
individual donor we would probab-
ly find their motives under one of
the other of the two classifications
mentioned—desire for the approval of
man—desire for the approval of God.
What Christ condemn is
THE SPIRIT OF THE

CAKING HEN
who has no sooner laid her egg than
she proclaims the fact to the whole
community—or at the moment whose
good sample of early rising is made
extremely unpopular by continually
crowing about it.
The publicity gained by the first
century Pharisee is small compared
with that gained by the twentieth
century Pharisee who permits his
benefactions to be heralded abroad
through the press.
"Verily they have their reward!"
their receipt in full. They have the
empty applause which comes from
having played their part well.
There can be no truer test of a man's
interest in anything than his wil-
lingness to invest his money in it.
Involve his estate in it. And there can
be no higher evidence of his love for
God than that which shows itself in
the willing consecration of his means.
Giving to Him has been a principle
of true religion in all ages.
In the dark days when the captives
were slowly struggling to rebuild
Jerusalem a few friends came from
Babylon, bringing costly treasures
of gold to aid in the erection of the
temple. The gifts were received and
a beautiful memorial prepared. The
gold was moulded into crowns bear-
ing the names of the givers and placed
on the head of the high priest and
then hung up in the temple as a
remembrance of their sacrifice of love.
The offerings laid at his feet is

JAS. E. HENDERSON, Manager

And earth shall glitter in the ray
That cometh from above,
But come too fast
Or come too slow,
'Twill come at last
I surely know.
And heaven and earth shall feel the
glow.
And men shall call it love."
"Give us this day our daily bread."
"Though all the flocks and herds were
dead,
My soul a famine need not dread,
For Thou, Lord, art my living bread.
I know not what may soon befall,
Nor how my wants shall be supplied,
But thou dost know and wilt pro-
vide."
"And forgive us our debts as we
forgive our debtors"—fully—incondi-
tionally—without a remission of a grade
now of coolness, of a resolve never
to forget.
"And bring us not into tempta-
tion but deliver us from evil one"
—for the human is not match of too
superbness and the angel is not match
"with every temptation make a way
of escape."
"For Thine is the kingdom, the po-
wer and the glory. Amen."
What a model of simplicity, brevity,
and comprehensiveness!
Then again our Lord denounces un-
really in fasting.
"Moreover when ye fast be not as
the hypocrites, of a countenance,

GUARD YOUR PRAIRIE FIRES

The Department of Agriculture of Alberta has just issued prairie fire warnings in the shape of posters which are being widely distributed over the province. The general provisions of the prairie fire ordinance follow: Any persons who directly or indirectly—

1. Kindles a fire and lets it run at large on any land not his own property; or
2. Permits any fire to pass from his own land, or
3. Allows any fire under his charge, custody or control or under the charge, custody or control of his servant, employee or agent to run at large is liable to a penalty of \$200 in addition to any damages awarded in civil action.

If a fire should be caused by the escape of sparks or any other matter from an engine or other thing it shall be deemed to have been kindled by the person in charge of such engine or thing but such persons or his employees shall not be liable to the penalties imposed by this section if the precautions prescribed in the Ordinance have been complied with.

Clearing land and fire guard—Any person kindling or is a party to kindling a fire for camping or burning purposes and leaves it unattended is liable to a penalty of \$100. Clearing land and fire guard—Any person kindling a fire on any land for the purpose of guarding property, burning stubble or brush for clearing land is liable to a penalty of \$100 unless the land on which the fire is started is completely surrounded by fire guard not less than 20 feet in width, consisting of land covered with straw or water or so worked, ploughed or burned over as to be free of inflammable matter and unless the fire is watched during the whole period of its continuance by three adult persons provided with proper appliances for extinguishing prairie fire.

Fires Set Out by Railway Employees—Nothing in the Ordinance prevents any railway company from burning over the land held by it under its right of way and the land adjoining it to an extent not exceeding 100 feet on each side of the centre of the track; but every person causing commencing or in charge of any such burning shall cause it to be watched and guarded during the whole period of its continuance by at least four men provided with suitable appliances for putting out prairie fire under a penalty of \$100. Any railway company is authorized to plough and burn with guards on uncultivated or unoccupied lands.

Spring Burning—Nothing in the Ordinance prevents any person from kindling a fire before the seventh of May in any year for the purpose of clearing any area of land less than 320 acres in extent if such area is surrounded by a proper fire guard of 10 feet in width and is continually watched by three adult persons provided with proper fire fighting appliances for putting out prairie fire; but should any such fire escape or be unguarded the person kindling is liable to a penalty of \$100.

Fire Guardians—In addition to persons as may be specially appointed, all members of the North-West Mounted Police Force, Constables of Local Improvement Districts and Justices of the Peace are ex-officio Fire Guardians, with power of Constables.

Persons Who May be Required to Fight Fires—All grown up male persons under sixty years of age other than postmasters, members of medical profession, railway trainmen and station agents residing within 10 miles of a prairie, or 15 miles of a forest fire, may be called upon to assist in extinguishing any such fire under a penalty of five dollars for refusal. Threshing Engines—The following provisions shall be observed in and about the management and operation of engines used for threshing: (1) No engine shall be placed within 10 feet of any building or stack; (2) A metal pan of adequate size, filled with water shall be placed under the engine as a receptacle for cinders and ashes; (3) And during the time the engine is operation the reservoir in the smoke stack shall be filled with water; (4) All cinders and ashes shall be thoroughly extinguished before the engine is removed from any place where it has been in operation; (5) A barrel of water and two buckets shall be placed conveniently near any stack of combustible material near the engine; (6) A spark arrester in good repair shall be used and shall not be opened while the engine is in operation. Any person failing to comply with any of these provisions is liable to a penalty of \$500.

A SIMPLE TREATMENT THAT WILL MAKE HAIR GROW NOW SOLD IN CANADA

Every up-to-date woman should have radiant hair. There are thousands of women with harsh, faded, characterless hair who do not try to improve it. In England and France women take pride in having beautiful hair. Every Canadian woman can have lustrous and luxuriant hair by using Salvia the Great American Hair Tonic. Every reader of 'The Times' can have an attractive head of hair in a few weeks by using Salvia. Walker's Pharmacy sells a large bottle for 30 cents, and guarantees it to banish dandruff, stop falling hair and itching scalp in ten days or money back. Salvia is a beautiful, pleasant, non-sticky Hair Tonic.

WHAT CROP ROTATION WILL DO

(From DRY-FARMING, Lethbridge, Alberta.)

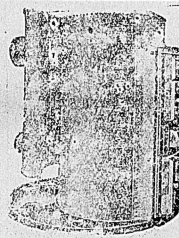

It is interesting to note that the land which produced Seager Wheeler's \$1,000 bushel price wheat, at carefully cultivated and the yearly manure or of cropping the land was as follows:

- First year—Breaking.
- Second year—Oats, a heavy crop.
- Third year—Potatoes, peas, turnip.
- Fourth year—Canadian Thorpe 2-crope barley, yield 75 bushels an acre.
- Fifth year—Summer fallow.
- Sixth year—Wheat.
- Seventh year—Wheat.
- Eighth year—Oats, heavy crop.
- Ninth year—Summer fallow.
- Tenth year—Preston wheat, 60 bushels per acre.

helps per acre.
Eleventh year—Potatoes.
Twelfth year—Wheat, 40 bushels an acre; also seed plot of Preston Seed, bolts and potatoes.
Thirteenth year—Summer fallow.
Fourteenth year—Marquis wheat awarded \$1000 prize at New York Land Show.

FARMERS LOSE VAST SUMS AT FREIGHT RATES

Calgary, May 23.—Something in the nature of a surprise was sprung when L. P. Strong, president of the Alberta Pacific Elevator Co., declared that the farmers of Alberta were severely handicapped by the freight rates. They were losing hundreds of thousands of dollars every year owing to the high rates, he asserted.

Don't Wait

Until the rainy season is on, get your Eave trough on NOW.

HAD WEAK AND DIZZ SPELLS COULD NOT SLEEP AT NIGHT.
People all over the land those night after night on a sleepless pillow and do not close their eyes in the refreshing slumber that comes to those whose heart and nerves are right.

The sleeplessness comes entirely from a derangement of either the heart or nerves, or both, but whatever the cause Milburn's Heart and Nerve Pills will cure the blessing of sound refreshing sleep. They do this by their invigorating effect on the heart and nerves, and will tone up the whole system to a perfect condition.

Mrs. A. E. Martell, Rockdale, N.S. writes—"I was troubled for a long time with my heart, had weak and dizzy spells, could not sleep, and would have to sit up the greater part of the night, and it was impossible for me to lie on my left side. At last I got a box of Milburn's Heart and Nerve Pills, and they did me so much good I got another, and after taking it I could lie on my left side, and sleep as well as before I was taken sick. They are the best medicine I ever heard of for heart or nerve trouble."

Price 50 cents a box, 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

LOU HANNA

Sunday School Lesson

By EVANGELINE

RELIGIOUS ACTORS
June 2nd. Matt. 6:1-18.

The key to the lesson is given by Bishop Wordsworth as follows: "Be seen to do good but do not do good to be seen."
In a previous lesson our Lord said, "Except your righteousness exceed the righteousness of the Scribes and Pharisees, ye shall in no wise enter into the Kingdom of heaven." In our lesson today He reveals the difference between the righteousness of the Scribes and Pharisees and that which He demanded—their inspiration being a desire for the approval of men, while the inspiration of "the righteousness which exceeds" is a desire for the approval of God.
The tendency has ever been to make religion "Pharisaical," to disregard the reality for the ceremony—the substance for the form.

Against this tendency in giving, in most emphatically and earnestly in the words of the lesson.
"Take heed that ye do not your righteousness before men to be seen of them, else ye have no reward of your Father which is in heaven. When therefore thou doest a good deed, do it in secret; and thy Father which is in heaven will reward thee."

Verily I say unto you they have their reward. But when thou doest a good deed, do it in secret; and thy Father which is in heaven will reward thee."

This liberality is popularity is evident from the fact that over
ONE HUNDRED MILLION
DOLLARS WAS GIVEN

last year, on this continent, to education and general philanthropy over twenty-five million was given to religious missions and an equal sum to home missions. Could we trace these millions of beneficence back to each individual donor we would probably find by their motives under one of the other of the two classifications mentioned—desire for the approval of men—desire for the approval of God.

What Christ condemn is
THE SPIRIT OF THE
CACKLING HEN
who has no sooner laid her egg than she proclaims the fact to the whole community—of the rooster whose good sample of early rising is made extremely unpopular by continually crowing about it.

The publicity gained by the first century Pharisee is small compared with that gained by the twentieth century Pharisee who permits his benefactions to be heralded abroad through the press.

"Verily they have their reward," their receipt in full. They have the empty applause which comes from having played their part well.

There can be no truer test of a man's interest in anything than his willingness to invest his money in it. To involve his estate in it. And there can be no higher evidence of his love for God than that which shows itself in the willing consecration of his means. Giving to Him has been a principle of true religion in all ages.

In the dark days when the captives were slowly struggling to rebuild Jerusalem, a few friends came from Babylon, bringing costly treasures of gold to aid in the erection of the temple. The gifts were received and a beautiful memorial prepared. The gold was moulded into crowns, headdresses, and placed on the heads of the high priest and then hung up in the temple as a remembrance of their sacrifice.

The offerings laid at his feet in awe.

secret grow into crowns in the heavenly temple which Jesus is not ashamed to wear.

Then again our Lord denounced unreasonably in praying.
"And when ye pray ye shall not be as the hypocrites; for they love to stand and pray; in the synagogues and in the corners of the streets that they may be seen of men. Verily I say unto you, they have received their reward. But thou, when thou prayest, and having shut thy door, pray to thy Father which is in secret and thy Father which is in secret shall recompense thee. And in praying use not vain repetitions, as the Gentiles do for they think that they shall be heard for their much speaking. Be not, therefore like unto them; for your Father knoweth what things ye have need of before ye ask."

THEN WHY WASTE TIME PRAYING?
many of our prayers must seem as absurd to Him as that of the cannibal chief whom Jax. Chalmers describes who prayed—"We want much tobacco—much plenty tomahawks and knives." If infinite wisdom knows what things we have need of why pray? Because our Father wants His children to turn to Him with their longings—foolish though they be, for in coming often to Him they will know better what to ask.

After all, prayer is not so much the mere asking for things as it is the approach of happy children who delight to be near their Father, to hear His voice, to know His plans, to share His love.

Prayers repeated over and over again in meaningless superstitious routine, like the intoned cathedral services, the Ave maries of the Rosary, or the whirling of the Bhakti prayer wheels, each revolution of which counts for the utterance of the prayers printed within the wheel do not come under the denunciation of our Lord more truly than did that "most eloquent prayer ever offered from an evangelical pulpit."

Jesus had a passion for reality. Patient though He was with imperfection, He was most intolerant of unrealty.

Philip Brooks says: "He could wait for a publican while he unlearned himself out of the meshes of his low vocation but He cut with a word like a sword through the solemn trifling of the Pharisees."

In the words commonly known as the Lord's Prayer, He gave an illustration of "the manner" in which we should pray. As different words are used by the different evangelists, it would seem as though He did not insist upon the use of the literal words, to do so, as our points out, "would be to fall into the very error which Christ here condemns."

The prayer which contains seven petitions, the first three referring to God and His interests, the last four to us and our needs, was intended to be for a godless world but for "His disciples."

"Our Father" Thou who art the giver and sustainer of life, Thou who hast made us "Sons of God," by a new creation, and by adoption. Thou who "art in heaven" receiving the homage of angels and archangels—Thou who art the object of worship and adoration of countless millions—"hallowed be Thy Name."

All Thy works shall praise Thy name.
In earth and sky and sea.
Holy, holy, holy, merciful and mighty.
God in Three Persons—Blessed Trinity.
Thy Kingdom come—Thy will be done on earth as it is done in heaven.
"I may not stay
To see the day
When Thou—great Saviour—shalt be here in awe."

And earth shall glitter in the ray
That cometh from above,
But come too fast,
Or come too slow,
"Twill come at last
I surely know.
And heaven and earth shall feel the glow,
And men shall call it love."

"Give us this day our daily bread—"
"Though all the flocks and herds were dead,
My soul a famine need not dread,
For Thou, Lord, art my living bread.
I know not what may soon betide,
Nor how my wants shall be supplied,
But thou dost know and will provide."

"And forgive us our debts as we forgive our debtors"—fully—unconditionally—without a remission of a grudge nor of coolness, of a resolve never to forget.

"And bring us not into temptation but deliver us from evil one"—for the human is not match of the beast of prey, and that alone cannot "with every temptation make a way of escape."

"For Thine is the kingdom, the power and the glory. Amen."
What a model of simplicity, brevity, and comprehensiveness!

Then again our Lord denounces unreasonably in fasting.
"Moreover when ye fast be not as the hypocrites; of a sad countenance, for they disfigure their faces that they may be seen of men to fast. Verily I say unto you, they have received their reward."

Would that protestant (T) England could have seen a sample of fasting, coming as it does, from the King of Kings, Any one visiting St. Michael's High Church of England, London, during the recent Lenten season, would have seen a sample of fasting, which alas is becoming too common in that church which has left its first love—having been captured by the scariest women, viz., the ceremony of "The Imposition of Ashes" or "Blessing of Faces Service," when the "holy father," attended by a curate who knelt at his feet holding a large silver bowl filled with charcoal, "disfigured the faces" of one by one of all who knelt at the common rail in order that they may be seen of men.

"Verily they shall have their reward," and the religious actors who play the game shall have theirs.

When the Lord shall rend the heavens and come down with a whirl of small cords shall drive them out of the house of prayer which they have made a den of fools.

"But when thou fastest alone head and wash thy face that thou be not seen of men to fast but of thy Father which is in secret; shall 'recompense thee openly.' If ever there was occasion for true fasting it is the present. Parents should fast and pray for the salvation of their children—wives for their husbands, and husbands for their wives; Pastors should deliver us!

id fast and pray for the salvation of their flock. The Church of Christ should fast and pray as never before in view of the perils which threaten her—and whether the fast be abstinence from food, or sleep, or from needless personal adornment, or from superfluous house decoration in order to sacrifice our means for the extension of Christ's Kingdom, it should ever be "in secret."

May our Litany ever be From the abhorrence of acting for effect in giving, in praying, in fasting, good Lord deliver us!

CAUGHT HEAVY COLD.
Left Throat and Lungs Very Sore.

There is no better cure for a cough or cold than Dr. Wood's Norway Pine Syrup.

It is rich in lung-healing virtues of the Norway pine tree, and is a pleasant, safe and effective medicine that may be confidently relied upon as a specific for Coughs, Colds, Bronchitis, Hoarseness, Sore Throat, Quinsy, and all Throat and Lung Troubles.

Mr. S. Monaghan, Charlottetown, P.E.I. writes:—"I certify that Dr. Wood's Norway Pine Syrup is an excellent medicine for coughs and colds. Last winter I contracted a heavy cold which kept my lungs and throat very sore. I had to give up work and stay in the house for two weeks. I used several cough mixtures, but none did me any good. I was advised me to use Dr. Wood's Norway Pine Syrup. Three bottles entirely cured me. I can recommend it as the best medicine for coughs."

Don't be imposed upon by taking any other but "Dr. Wood's" as there are many imitations of this sterling remedy on the market.

"Dr. Wood's" is put up in a yellow wrapper; three pine trees the trade mark, price 25 cents. Manufactured only by The T. Milburn Co., Limited, Toronto Ont.

The Alberta Feed Stable

I beg to inform the public that I have again taken over the above stable. A good man has been placed in charge and farmers can depend on having their horses well attended to. The prices will be the same as last winter.

V. MATEJKA, Proprietor

GUARD YOUR PRAIRIE FIRES

The Department of Agriculture of Alberta has just issued prairie fire warnings in the shape of posters which are being widely distributed over the province. The general provisions of the prairie fire ordinance follow:

1. Kindles a fire and lets it run at large on any land not his own property; or
2. Permits any fire to pass from his own land; or
3. Allows any fire under his charge, custody or control or under the charge, custody or control of his servant, employee or agent to run at large is liable to a penalty of \$200 in addition to any damages awarded in civil action.

If a fire should be caused by the escape of sparks or any other matter from an engine or other thing it shall be deemed to have been kindled by the person in charge of such thing.

Nashville.

The tax roll has been removed from the school house.

John Johnson purchased a black stallion coming two years old from R. M. McArthur, of Wetaskiwin, last week.

Rev. Olman is to leave for Calgary during the week, where he expects to hold some meetings before returning.

The grain which was sowed early in and around Nashville is looking fine. We predict large crops for Alberta this year.

Where is the health officer that people are allowed to draw carcasses out on to the road and leave them to annoy people passing?

Miss Nellie Johnson nearly met with a serious runaway accident whilst returning from town one day last week, but managed to get the animals under control in time to prevent any serious consequences.

New Norway.

Our teacher, Mr. Goodger, spent Arbor Day with friends at Reed Lake.

Grain is looking fresh and green trees and shrubs are fast dressing themselves in their beautiful summer costumes.

Our new store is now running full blast and the popular storekeeper, E. Olstad, is kept busily supplying his customers.

Norwegian service was held in the school house on Monday, 19th inst., by Rev. Mr. Berge. The next one is on Sunday, June 1st.

The recent heavy rains have filled the sloughs again and farmers fear that they shall not be able to cut any hay from them this season.

Rev. Mr. Smith held sacrament service at Zion on Sunday, May 18th. He and Rev. Mr. Tate will preach there alternately every two weeks.

A somewhat serious shooting accident occurred here on Saturday, the 17th, when a young man from Ohio, who has been staying with Hootung Bros., shot himself with a twenty-two calibre rifle. He, with several other persons, was sitting on a hay rack, with the rifle resting against his body, when it slipped, causing it to discharge. The bullet entered the lower part of the abdomen on the right side, but fortunately it did not enter the walls of the stomach. Dr. Ridd of Duhamel, who has been attending the patient, reports him as doing well and says that with careful attendance and quietness, he will soon be sufficiently recovered to be around again.

helps per acre. Eleventh year—Potatoes. Twelfth year—Wheat, 40 bushels an acre; also seed plot of Preston Seed plots and potatoes. Thirteenth year—Summer fallow. Fourteenth year—Marquis wheat awarded \$1800 prize at New York Land Show.

FARMERS LOSE VAST SUMS 'AT FREIGHT RATES' Calgary, May 22.—Something in the nature of a surprise was sprung when L. P. Strong, president of the Alberta Pacific Elevator Co., declared that the farmers of Alberta were severely handicapped by the freight rates. They were losing hundreds of thousands of dollars every year owing to the high rates, he asserted.

place where it has been in operation. (3) A barrel of water and two buckets shall be placed conveniently to any stack of combustible material near the engine. (4) A spark arrester in good repair shall be used and shall not be opened while the engine is in operation. Any person failing to comply with any of these provisions is liable to a penalty of \$500. A SIMPLE TREATMENT THAT WILL MAKE HAIR GROW NOW SOLD IN CANADA Every up-to-date woman should have radiant hair. There are thousands of women with harsh, faded, characterless hair who do not try to improve it. In England and Paris women take pride in having beautiful hair. Every Canadian woman can have lustrous and luxuriant hair by using Salvia the Great American Sage Hair Tonic. Every reader of The Times can have an attractive head of hair in a few weeks by using Salvia. Walker's Pharmacy sells a large bottle for 50 cents, and guarantees it to banish dandruff, stop falling hair and itching scalp in ten days or money back. Salvia is a beautiful, pleasant, non-sticky Hair Tonic. Shiloh's Cure QUICKLY STOPS COUGHS, CURES COLDS, HEALS THE THROAT AND LUNGS. 25 CENTS

KRYPTOK LENSES

COMBINE NEAR AND FAR VIEW
IN ONE SOLID LENS

Discard your old-style lenses. The prominent seams are disfiguring. They suggest old age. Dirt gathers at the edges. Wear Kryptok Lenses, which present a neat appearance of single-vision glasses, yet have two distinct focal points. The reading lens is fused invisibly with the distance lens.

If you have to use bifocal lenses why not get those invisible kind? No cement, no paste, no dirt, no unsightly seams, they look like one lens, are much neater and less conspicuous than the old style

Prices from \$5.00 Upwards

I make and put them in your old frames for Mauntroy's or I can furnish them complete as you see fit.

Dr. Morse's Indian Root Pills

are not a new and untried remedy—our grandfathers used them. Half a century ago, before Confederation, they were on sale in nearly every drug or general store in the Canada of that day, and were the recognized cure in thousands of homes for Constipation, Indigestion, Biliousness, Rheumatism and Kidney and Liver Troubles. Today they are just as effective, just as reliable as ever, and nothing better has yet been devised to

Cure Common Ills

POTATO GROWERS WARNED

A note of warning has been sounded from Ottawa in regard to a very dangerous potato disease that has been brought to Canada in tubers imported during the present year. The disease which is known as Potato Canker was recently discovered in an imported shipment. To warn Canadian farmers against the danger of planting imported seed, the Director of the Experimental Farms has issued a leaflet known as "Farmers' Circular No. 1," prepared by Mr. H. T. Galloway, the Dominion Botanist which contains the following points—

1. The only way in which the disease can be introduced is through the planting of affected tubers.
2. The use of diseased tubers for seed may, in the worst cases, result in the complete destruction of the entire crop.
3. When once introduced the disease germ infests the soil for a period of eight years, which means that for at least eight years no sound potatoes can be raised on land thus infested.
4. None of the known remedies for other plant diseases will prevent the appearance of the disease.
5. The disease is spread readily through infested soil carried by wind, animals, farm implements, old bags, or other means.
6. Attention is called to provisions under the Destructive Insect and Pest Act, which show that to use or sell for seed potatoes imported from Europe is illegal. Copies of this Farmers' Circular may be obtained by applying to the Publications Branch, Department of Agriculture, Ottawa, Ont.

WHAT TO DO RIGHT NOW

Practical suggestions by Prof. W. M. Jardine, in charge department of agronomy, Kansas state Agricultural College, Manhattan, Kansas. Published by the International Dry-Farming Congress Bulletin, Dry-Farming, Lethbridge, Alberta, May 22.

Every farmer should see that the moisture now in the soil is kept there until the growing crop can use it. This moisture is more valuable to the plant than an equal amount of later rainfall, because it has absorbed already an abundance of plant food from the soil. Practically all the water that is now in the ground can be saved by keeping the surface soil loose or well tilled until planting time. Cultivation should begin as soon as the land can be touched. This will prevent water escaping from the soil through evaporation. A 2 or 3 inch layer of tilled soil over the surface of a field forms a very effective lid to keep the water in the ground. The cultivator, the disc, the spike, the harrow or any other implement the farmer may have which will loosen the top soil may be used and should be started as soon as the ground is dry enough to be worked.

If the ground was fall plowed, harrowed or possibly early disced, will be best. If the ground is in stubble and is to be planted with the winter, then it should be disced and harrowed. If the ground is loose and sandy and likely to blow, it will be best to shallow list early and gradually work the ground down with an ordinary drag harrow, when the crop can be sown.

Some farmers are asking if it would be wise to roll or harrow their wheat ground this spring. It certainly would, especially if a crust has formed or if the ground has crusted or heaved or is very loose. Rolling or harrowing when the ground is not wet will not do any harm, and therefore, 10 chances to 1, it will do a great deal of good. A corrugated roller is to be preferred to a smooth roller. The spikes of the harrow should be tilted backward a little to avoid pulling up ruts, plates than are advisable. Do not be afraid to harrow the ground thoroughly.

Calgary, May 23.—John Breckenridge, contractor, said that it was practically impossible for the C.N.R. to enter Calgary before the middle of winter. The bridges had not been completed over the Bow and the other rivers. The waters were now rising and it would be two months before they could be built. The board of trade at today's meeting, passed a resolution urging the management of the line to do what lay in their power to complete the line before September 1 next.

Not only this but these as well

DON'T think that concrete can be used only for building bridges, silos, walls and walks; because if you do, you will probably overlook all the places where you can use it now.

T. L. Irving, of North Georgetown, Quebec, used concrete for 81 different purposes on his farm in 1911.

There are probably at least a dozen profitable uses for concrete on your farm at the present moment.

Perhaps you haven't thought of concrete, except for a new barn, or a silo, or some other big improvement for which you aren't quite ready yet. That's why you should read

"What The Farmer Can Do With Concrete"

It will open your eyes to the hundreds of uses that other farmers have found for this material. In plain language, and with the aid of many photographs, it explains just what these uses are, and how they can be applied to your farm.

Concrete can not only be used for all the purposes to which wood has been applied, but also many others for which wood would never be suitable.

It is not only a building material; it's a "handy" material, something that you'll grow to depend upon more and more, as you learn its possibilities.

So write for this book. You'll find it isn't a catalogue, nor an argument for you to buy or not to buy. Every one of its 160 pages is devoted to telling you what farmers have done and can do with concrete.

IT'S FREE FOR THE ASKING.

Your name on a postal, or in a letter, will bring the book to you by return mail. Or use the coupon. Address

BACK WAS SO LAME

LIFE WAS A BURDEN
FOR TWO YEARS.

Mrs. Joseph Throop, Upper Point de Ble, N.B., writes:—"I cannot speak too highly of Doan's Kidney Pills. For two years I was so tired life was a burden and I got up more tired than when I went to bed, and my back was so lame I could hardly straighten up. I took different kinds of medicine, but none of them did me any good until a friend advised me to try Doan's Kidney Pills. I did so, and to-day I don't know what it is to be tired, and my lame back is all gone. I can recommend them to any person suffering with lame back, and that terrible tired feeling."

Doan's Kidney Pills are a purely vegetable medicine, realizing quick, permanent relief, without any ill after effects. Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers for mail order or receipt of price. The T. Millburn Co., Limited, Toronto, Ont.

W. C. T. U. INSTITUTE MEETING AT LACOMBE

A step forward was taken into W. C. T. U. work for this province, at the institute meeting held in Lacombe May 23rd and 24th. A district was organized of all unions from Wetaskiwin to Carstairs, all side lines of railway inclusive. It is hoped that this organization will benefit every union in bringing them in closer touch with each other.

Another feature of the institute was the gold medal contest on Thursday evening. Five young ladies entered the contest, one from Olds, two from Lacombe and two from our own city. The marking of points was very close but Miss Jenn Ramsey succeeded in bringing home the honors and gold medal to Wetaskiwin, for which we are justly proud.

Another local silver medal contest is being prepared for an early date.

NOTICE OF W. C. T. U.

The regular monthly meeting of the W. C. T. U. will be held on Tuesday June 4th, at the home of Mrs. Wright at 8 p.m. All are cordially welcome to attend.

At this meeting donations of fruit flowers and delicacies for the hospital and others who are ill in the city, will be thankfully received. Come anyway yourself and encourage this department of the work.

*Williamson's sale starts June 1st. A Rummage Sale will be held on the vacant lot next Geo. Owens' store on East Railway St., on Saturday, June 8th, commencing at 10 a.m. Men's women's and children's clothes boots, etc., to be sold. 10-2t
